DEAR COLLEAGUES AND FRIENDS,

We are pleased to invite you to participate in the 8th edition of the International Congress of Aesthetic Dermatology (ICAD), taking place on 23-24-25 November 2017, in Bangkok, Thailand.

Since its humble beginnings, the congress has grown into a truly international event, a dynamic hub for cutting edge developments in Aesthetics, centered in Asia. Built upon a partnership between the Dermatological Society of Thailand (DST) and EuroMediCom (France), ICAD maintains its highstanding in the field through top-notch scientific content and renowned speakers from around the world.

ICAD 2017 seeks to address unique developments in the field of medical aesthetics. The next generation of medical practitioners and opinion leaders is causing a seismic change in the field, with new trends and developments constantly arising. At the same time, with its booming economies and internationalization, Asia is recognized as the future center of the aesthetic market. With this in mind, the theme for 2017 will be "Future Trends & Asian Rise".

As always, ICAD will contain practical content, along with a special focus on what's new in the field, with many live demonstrations.

We look forward to welcoming you to ICAD and Bangkok.

◆ PRE-CONGRESS COURSE ◆

THURSDAY 23 NOVEMBER

SCIENTIFIC DIRECTORS

Jinda Rojanamatin

Dario Bertossi

The content of this course is organized in a way to facilitate successful learning of participants through the masters' vast experience and teaching ability on the application of their expertise and treatment strategies.

With their acquired extensive knowledge, the masters observe, organize and interpret clinical information to solve efficiently different cases presenting various levels of complexity. The learners will be guided to notice features and meaningful patterns of information reflecting contexts of applicability.

FACULTY (PRELIMINARY LIST):

GOLDIE Kate, UK
GOUT Uliana, UK
GUTOP Ekaterina, Russia
PAI Jamuna, India
PRAGER Welf, Germany
WANITPHAKDEEDECHA Rungsima, Thailand
And more...

LEARNING FROM THE MASTERS

How to do it with different techniques

Designed for intermediate and advanced practitioners, this course will elaborate in detail different techniques that each invited master uses to restore volume and re-define facial features to obtain a natural and youthful appearance. Live demonstrations on various selected patient cases will allow the masters to show the techniques of their expertise to improve treatment outcomes and avoid complications.

◆ EXHIBITION ◆

Over the years, **ICAD** has experienced tremendous growth and has now become the largest international congress dedicated to medical aesthetics in Asia. We are pleased to announce that over 70% of the exhibition space has already been booked.

70-80 exhibitors are expected to showcase this year.

These industry partners are an integral part of the success of the show, bringing new technologies, devices and concepts.

Apart from its highly intense scientific program, another major highlight of **ICAD** is the Symposium Program, where industry partners are given a special platform to present their own new innovations.

As of today, one lunch symposium and 8 workshops are already confirmed.

During these sponsored program, new products and technologies including live demonstrations will be conducted by their key opinion leaders.

FUTURE TRENDS ASIAN RISE

AESTHETIC MARKETS ON THE RISE

Worldwide patient demand for global care focusing on aesthetics and improved appearance has increased during the past 20 years and will continue to rise.

Asian aesthetic markets are extremely diverse, relatively large and receptive.

Non-invasive aesthetic treatments are experiencing strong growth in the region.

An increase of cosmetic procedures and treatment options and recent advances in technologies are expected to drive market development in the coming years.

ATTEND ICAD 2017 & STAY AHEAD IN BUSINESS

Providing market projections for the near future and cross-regional connectivity, Asia is regarded as the next frontier of fast-growing aesthetic markets and the number of physicians and clinics has been steadily rising, along with medical tourism in the region.

The greatest challenge faced by today's physicians is to stay current with the rapid advances in recent medical procedures and technologies in aesthetic medicine.

Taking a break from your busy schedule to attend ICAD 2017 will be a worthwhile investment for your practice's growth & development as you sharpen your skills and bring fresh ideas back to your business.

EDUCATING A NEW GENERATION, CREATING MEDICINE OF THE FUTURE

ICAD is a **high quality continuing education platform** which gathers international and regional physicians in the field to exchange ideas and knowledge in order to promote more effective and safe practices.

Physicians of the **next generation** in Asia and beyond are highly encouraged to join ICAD, which provides a unique convergence of learning, networking, sharing and fun under one roof.

INDUSTRY PLATFORM WITH TOP QUALITY PROSPECTS

Asian aesthetic markets also represent a major opportunity for global manufacturers. **ICAD 2017** is a perfect place to create partnerships, to strengthen and maintain relationships with clients, and to launch new products and services.

Over 70 leading companies will be represented within the exhibition space as they exploit the great market potential available in Asia.

AVAIL YOURSELF OF THAILAND'S BEAUTY!

Thailand is well-known throughout the world for the country's gracious hospitality. The friendliness of its people and the diverse nature of Thai culture makes visitors feel at home. November and December are the perfect time of year to indulge in a vacation or a break with warm and pleasant weather (especially on beaches and islands). The participants can plan a trip into Thailand's natural beauties either before or after the congress.
